Two Hundred Years Old and Still Good

IN the recently opened American Wing of the Metropolitan Museum of Art in New York City, hundreds of passersby and every day to admire the original china closet from which the design illustrated here was taken. It is over 200 years old.

That old cabinet is faithfully reproduced in Curtis Woodwork for your home today. While especially adapted to the Colonial house, it will also look well in the home of English type, and it has also been tastefully used in Spanish houses.

This china closet is an example of the many beautiful designs which Curtis Woodwork offers you. It has quality through and through in every detail of materials and construction. Yet Curtis Woodwork is no higher in price, even if it does give you better designs, material and workmanship, than ordinary millwork. In fact, it often costs considerably less when all expense items are taken into consideration.

Come in and let us show you some Curtis designs and help you fit them into your building plans. Ask for the free booklet, "Curtis Woodwork," helpful and interesting to builders.

Staunton.—Staunton, his birthplace, united with many communities throughout the nation in paying tribute to the memory of Woodrow Wilson, twenty-eighth President of the United States, on the occasion of the sixty-ninth anniversary of his birth.

Richmond.—The city of Richmond's bond issue of $4,300,000 was disposed of by the Finance Committee of City Council at a premium of $95,025.70, a purchase cost of 102.2, the bid being that of the Bank of Commerce and Trusts of Richmond.

Newport News.—A bill for the acquisition of historic sites at Yorktown, the spots to be designated by appropriate markers and linked with a system of improved highways, will be introduced in Congress by Representative S. O. Bland, of this city, as the result of a conference at Yorktown.

Richmond.—Contract for excavation for Virginia's War Memorial, to be erected in Byrd Park, was let by the subcommittee of the Virginia War Memorial Commission. The work is to be completed on or before January 15, in preparation for the elaborate cornerstone laying ceremonies to take place January 18.

Richmond.—The next General Assembly, which convenes on January 13, will be faced with the duty of electing twenty judges of courts, two of whom are to sit on the Supreme Court of Appeals. No opposition to any of the incumbents has developed so far, and there is no likelihood that any will develop.

Lynchburg.—George W. Watts, manager of the Glenwood district; Thomas A. Wilson, of the Pedlar-Buena Vista district, and B. M. Manchester, superintendent of roads, of the Natural Bridge Federal forest service, met in conference here with H. M. Gearn, supervisor of the district. The conference was relative to activities in the area during the coming year.

Danville.—Tazzel Comer, 18-year-old Halifax county youth, went to his death Christmas Day near Omega when the automobile in which he was riding with two other men upset on the road. Richmond.—Appointment of a committee of Virginia surgeons to work out plans for a redistribution of the pioneer work being done by the orthopedic clinics was announced following a long conference in the office of Governor Trinkle. The Governor was enthused at the results of the conference, and predicted that it would bring about a tremendous improvement in orthopedic work.

Luray.—Already preparations are being made in this county for the 1926 tomato crop. The crop has been so profitable in many instances that many will embark in the tomato-raising business. The crop in this county in 1925 was considerably damaged by alternate floods and drought. Richmond.—Three new faces will be seen in the Virginia State Senate at the 1926 session. Dr. R. L. Kendig, of Lunenburg, will be there to fill the vacancy created when Louis S. Epes was elected to the Corporation Commission; Joseph B. Denny, of Clarke, will come to take the place of Harry Flood Byrd, the Governor-elect, and S. T. Crockett is to take the seat of his father, John H. Crockett, who has died since the last session of the Assembly.

Richmond.—A bill abolishing the office of Motor Vehicle Commissioner, now held by James M. Hayes, Jr., will be introduced early in the session of the General Assembly, which convenes January 13, and will precipitate probably the bitterest battle of the sixty-day session.

South Boston.—R. C. James, of the Reams Furniture Company, is in possession of a small memorandum book recovered from the wreck of train 97 of the Southern Railway September 27, 1903. In the book is marked the record of eleven persons killed.

BACKACHE

Mississippi Lady Benefited by Taking Cardui.

"I took Cardui for backache and a weakened, run-down condition, and it strengthened and helped me," says Mrs. Mattie Hurt, of Coldwater, Miss.

"Before the birth of my children, when weak and nervous, I took Cardui. After the birth of my children, when just getting up to do my work, I took a couple of bottles of Cardui and it never failed to strengthen and help me when taking it.

"I seemed to enjoy my food and my back would feel stronger. I don't believe I could have kept going but it not been for Cardui and the strength it gave me.

"When cramps of life came on I . . . and down in bed. Life seemed to be just a terrible drag. I did not have strength for anything. My back hurt. My limbs hurt. I was so nervous I couldn't rest.

"I knew what Cardui had done, so sent straight for it, and it did just as it had done before—strengthened and built me up."

JESUS AND THE SAMARITAN WOMAN

LESSON TEXT—John 4:4-42.
GOLDEN TEXT—With joy shall ye draw water out of the wells of salvation.—Isa. 12:3.
PRIMARY TOPIC—Jesus by the Well.
JUNIOR TOPIC—Jesus by Jacob's Well.
INTERMEDIATE AND SENIOR TOPIC—A Blind Woman Finds the Savior.
YOUNG PEOPLE AND ADULT TOPIC—How Jesus Deals With Sinners.

I. Jesus Must Needs Go Through Samaria (v. 4-6).

The growing popularity of Jesus aroused the envious opposition of the Pharisees, which obliged Him to leave Judea and go into Samaria. There was another way to reach Galilee, one used by many Jews to avoid contact with the despised Samaritans, on the eastern side of the Jordan. He must "needs go through Samaria" in order to find this poor sinful woman and the needy citizens of Sychar. The great necessity which was upon Him was to seek and to save that which was lost (Luke 19:10).

II. Jesus Testimony to the Woman (vv. 7-26).

This is a fine example of personal evangelism.

1. A Request Asked (vv. 7-9).

Jesus tactfully made a request which appealed to the woman's sympathy. Not only did the thirst of the weary traveler appeal to her, but the fact that He being a Jew asked a favor of her, showed His sympathy for her. In introducing the conversation, He referred to that which was uppermost in her mind, namely, water. This was the teacher's point of contact. He soon passed from earthly water to the water of everlasting life which was in Himself. Every human mind has a handle. Our success as Christian workers depends upon our ability to grasp and use it.

2. Jesus' Tender Dealing With This Woman (vv. 10-15).

He first appealed to her curiosity by declaring, "If thou knewest the gift of God" (v. 10). He knew the deep unrest of the soul of the sinful woman as she went on her way. He knew if she really knew Him she would believe on Him and be saturated from her inmost being with the living water. His thing was to get attention. Then we can get one to give attention to the claims of Christ, there is good chance of winning him. He followed this appeal to her curiosity by a promise which directed her attention to her deepest needs. There is a conscious-ness of deep need in every soul. The deepest need of a soul Jesus only can satisfy.

3. The Woman Convicted of Her Sins (vv. 15-19).

Jesus succeeded in arousing her interest, but she did not really understand Him. Before she could understand what the Water of Life is, she must be convicted of her sin. She did not agree with Him, but became a humble inquirer. The soul must be convicted of sin before it can be converted.

4. The Problem of Worship Submitted to Christ (vv. 20-26).

This she did as soon as she perceived Him to be a prophet. Jesus knowing the inner life of this woman, pricked it to the glad time even this request when true worshipers could hold their converse with God anywhere. He showed her that the place of worship is unimportant that the all-important thing is to have the true conception of God as brought through His Jews. Since worship is spiritual, only those who have been regenerated can worship God in spirit.

5. The Woman of Samaria Witnessing for Christ (vv. 27-30).

The woman left her water pot and returning to the city said, "Come, see a man which told me all things that ever I did. Is not this the Christ?" As soon as she was converted she became an enthusiastic missionary. This is as it ought to be and always will be. The soul that really knows Jesus cannot be silent (John 1:40-45). The result of her testimony was that many believed on Jesus.

III. Jesus Testifying to the Citizens of Sychar (vv. 40-42).

The woman's testimony brought the request from the Samaritans that Jesus tarry with them. He abode with them two days. Though they believed because of the woman's testimony, they believed because of Christ's own word (v. 41).

IV. The Samaritans Witnessing for Christ (v. 42).

They declared, "We know that this is indeed the Christ, the Savior of the world." They confessed be the reason that their belief was not due to his testimony but to having heard Him themselves, that they were sure that He was the Messiah.

Mrs. Benton Tillory who has been spending sometime in the home of her son, William, of N. C., has returned home much improved in health.

Robert Bolton a colored citizen of this place died early Sunday of last week. Bob will be missed by both black and white, he was called the best corn husker in this part of the county.

Everybody has about harvested all the ice needed this season, or no doubt those that have good ice houses. People around here are busy working on tobacco. Well, we see the world is in a work so to speak, but really it is the people after all, now that we or one are to have a fuss over the management, why not do the job right, put out all the officials that we know to be lined up with other tobacco interests and those who are simply chasing the dollar and not the welfare of his neighbor farmer? Some-one will say, "Oh we can't do it, we can't do it," and more too, let every member say so, and it is done and at the same time you will see a one hundred per cent sign-up for the next five years. It might be rough on some, but we have got to get rid of the shysters and parasites, really circumstances like we are having should not exist.

We are glad to note that the editors did not forget the rural news contributors, and we are pleased to know that its folks had a good time at Farmville.

On December 11th the P. T. A. of Hixburg school held its regular meeting. A New East Relief program was given by the school children, this was followed by the regular business meeting. A Junior was hired for the months of January and February, new lamps were purchased for the school. The drive for members resulted in thirty-four paid up members, for the new roll. The next meeting will be held at the school, Friday, Jan. 22, at 3 o'clock. A program will be given by the school children. Everybody invited.

Sugar Valuable Food

The fact that most persons enjoy the flavor of sugar is one reason why it should be eaten in moderation. Sugar is a concentrated food, and if sugar is eaten to excess it is likely to cause disorders of the digestive tract of the body.

Men and Money Make This Bank Secure

THERE are two ways of measuring the strength and standing of a bank. In the first place money resources—capital and surplus—give financial strength.

In the second place—and perhaps even more important—are men, the officers and directors. They give the bank character, determine and execute its policies.

This is a strong bank, a helpful bank because it has ample resources, and a personnel of proven character and ability.
